## Personal Profile Statement

As a highly motivated and dedicated person, I am enthusiastically looking for my first professional opportunity. My skill in using technologies such as HTML, CSS, JavaScript, React and Python, along with my Webflow skill for website design, shows my desire and commitment to progress and learn new things every day.

I am also in my final year at university and I believe that the knowledge I have gained there provides a solid foundation for my professional career.

I am highly motivated to gain practical experience and contribute to the team and organization. With a deep enthusiasm for continuous learning and growth, I am ready to achieve exceptional results in my new professional path.
